ENERGY
DESIGNER CARPET TILE

The background of the entire page is a close-up, artistic photograph of a carpet tile. It features a dense, intricate pattern of fine, golden-yellow fibers or threads that are illuminated from below, creating a glowing, almost ethereal effect against a dark background. The fibers are arranged in a way that suggests a linear design, with some strands curving and others standing straight up.

Energy Carpet tile by HGEO represents linear design in 4 colour ways that complement commercial and educational environments but also deliver playful effects for leisure, hospitality or retail spaces. Energy Carpet tile is a completely unique carpet flooring that combines the hard wearing and durable characteristics of a resilient floor with the quality, warmth and comfort of a carpet.

Technical Specifications

Construction	-	Tufted Level Loop
Fiber	-	100% P.P B.C.F (UV Treated)
Pile Height	-	4mm
Pile Weight	-	580 Gr/ M2 +/- 5%
Primary Backing	-	Non Woven
Secondary Backing	-	Bitumen Backing
Size	-	50 CM x 50 CM
Qty. in Box	-	5 Sq. Mtr.
Area of Use	-	Commercial Heavy Duty

Sound
Insulation

Heat
Insulation

Anti-Static

Water-Proof

Wear-Proof

Anti-Flammable
