

A modern office interior featuring a carpet tile floor with a green and grey geometric pattern. On the left is a grey sofa and a small black coffee table with a potted plant. On the right is a desk with a computer monitor, a black office chair, and a large circular pendant light. The background wall is white with a large logo.

NEW SKY

Nylon Carpet Tile

NYLON

HEGO INDIA LAUNCHES “NEW SKY”

NYLON CARPET TILE WITH PVC BACKING

Versatile. Flexible. Illuminating. There's something magical about a sky on the town. Street lights shine. Buildings buzz. Headlights illuminate the shadows. With the same energetic playfulness, the New Sky Collection bursts with color and movement. A unique product featuring neutral grey tone base and coordinating accent colors of blue , green & orange to deliver nearly endless combinations perfect for any space.

New Sky features linear highlighters in 3 variations . Like fragments of light dispersing from the sky , these textures incorporate more playful uses of color.. With such a versatile collection, there's no limit to how many ways you can mix and match patterns and colors.

New Sky is woven in Nylon & with strong PVC backing , it makes it an excellent choice for projects , office spaces & other commercial applications .

Note : Photos in PDF are for visual presentation only , Please see catalogue for actual colours.

RECOMMENDED INSTALLATION AND MAINTENANCE

DEPENDING ON THE INSTALLATION METHOD, SEAMS MAY REMAIN VISIBLE AND THIS SHOULD NOT BE TREATED AS AN INHERENT FLAW OF CARPET TILES. THE SUBFLOOR MUST BE DRY, SMOOTH, FLAT AND FREE OF DIRT OR ANY DEBRIS THAT COULD AFFECT ADHESION OF TILES ON THE FLOOR. CHAIR PADS ARE RECOMMENDED UNDER OFFICE CHAIRS TO PRESERVE APPEARANCE RETENTION, AND AVOID PREMATURE WEAR TO CARPET TILE. CARPET MAINTENANCE MUST BE REGULARLY CARRIED OUT TO EXTEND THE LIFE OF THE PRODUCT. REGULAR USE OF VACUUM - BRUSHING CLEANER IS THE BEST WAY TO CARE FOR CARPETS.
